PROFESSIONAL SUMMARY

Final-year Software Engineering student at Universiti Pendidikan Sultan Idris (UPSI) with a Diploma in Information Technology and hands-on internship experience at Pejabat Sultan Selangor. Currently developing an AI-powered Real-Time Network Anomaly Detection System for my Final Year Project. Recognized for innovation (1st Place, i-PROPEX 2022) and backed by Cisco Networking Academy certifications. Skilled in software development, AI integration, cybersecurity, and cloud technologies. Beyond technical expertise, my background as President of MASEL UPSI and a part-time Sales Consultant at GINTELL has built strong leadership, communication, and negotiation abilities. Seeking a Software Engineering internship to apply my technical and interpersonal skills in a professional environment.

PROJECTS & TECHNICAL HIGHLIGHTS

AI-BASED NETWORK ANOMALY DETECTION SYSTEM FOR REAL-TIME CYBERSECURITY MONITORING

Final Year Project - Bachelor of Software Engineering | Python, Gemini API, Ollama, Google Cloud, AWS, Network Security

- Developing an AI-driven cybersecurity monitoring system inspired by a Security Operations Centre (SOC).
- Integrating Google Gemini API and Ollama to provide automated, intelligent analysis and actionable recommendations for detected anomalies.
- Designing an interactive dashboard to display live network traffic, security alerts, anomaly indicators, and threat intelligence.
- Utilizing cloud architectures, including Google Cloud Platform and AWS, for scalable and efficient security data processing.

SMART PARCEL BOX

Innovation & Product Development Project, I-PROPEX 2022 | IoT Fundamentals, Embedded Systems, Hardware-Software Integration

- Designed and built an Internet of Things (IoT)-enabled smart parcel delivery box to improve parcel security and recipient convenience.
- Awarded Champion (1st Place) in the institutional innovation competition, i-PROPEX 2022, at Politeknik Tuanku Syed Sirajuddin.

ARIF KHUMAINI BIN MUHAMMAD FAIRUZ

SOFTWARE ENGINEERING STUDENT

WORK & INDUSTRIAL EXPERIENCE

SELANGOR ROYAL OFFICE (ISTANA ALAM SHAH) INTERN

Information Technology Intern

- Monitored and maintained IT hardware, computer assets, and infrastructure across Pejabat Sultan Selangor and all Royal Palaces (Istana Selangor).
- Acquired in-depth knowledge and practical understanding of Royal Protocol and official etiquette pertaining to DYMM Sultan Selangor, DYMM Tengku Permaisuri Selangor, and DYTM Raja Muda Selangor.
- Supported administrative operations and successfully executed high-priority assignments delegated by executive management with confidentiality and professionalism.
- Assisted staff with daily technical troubleshooting, system maintenance, and operational IT requirements.

GINTELL MALAYSIA

Sales Consultant (Semester Break / Part-Time)

- Engaged with customers during university semester breaks to present, demonstrate, and market health and wellness products, including healthcare equipment and massage chairs.
- Achieved personal sales targets through persuasive communication, customer rapport building, and active product presentation.
- Honed negotiation, interpersonal communication, and customer relationship management skills.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

PERSATUAN MAHASISWA ANAK SELANGOR NASIONAL (PERMAS NASIONAL)

Supreme Council – Secretary, Student Development & Empowerment Section | 2026/2027 Session

- Leading and planning national-level empowerment initiatives for Selangor university students across various tertiary institutions.
- Managing administrative operations, project coordination, and official communications for the Student Development Section.

MAJLIS MAHASISWA ANAK SELANGOR (MASEL), UPSI

President (Yang Dipertua) | 2025/2026 Session.

- Led the overall administration of MASEL UPSI, directing the Supreme Council and Executive Committees in executing high-impact student programs.
- Initiated and spearheaded joint collaborative programs with PERMAS Nasional and the Selangor State Government to drive student development initiatives and safeguard the welfare of Selangor undergraduates.
- Served as the official liaison between university management, state agencies, organizations, and student members.

Vice President | 2024/2025 Session

- Assisted the President in executive decision-making, committee supervision, and event coordination.

EDUCATION

UNIVERSITI PENDIDIKAN SULTAN IDRIS (UPSI)

Bachelor of Software Engineering (Honours) | [2023] – Present

Core Coursework: AI Systems, Cybersecurity & Network Security, Software Architecture, Database Systems, Web Engineering.

POLITEKNIK TUANKU SYED SIRAJUDIN

Diploma in Information Technology | [2020] – [2023]

Core Coursework: Programming (C++, Java), System Analysis & Design, Database Management (MySQL), Computer Networking,cisco.

CERTIFICATIONS & ACHIEVEMENTS

- Champion (1st Place) – i-PROPEX 2022 Innovation Competition, Project: Smart Parcel Box, Politeknik Tuanku Syed Sirajuddin, 14–16 June 2022.
- Cisco Networking Academy – IoT Fundamentals: Connecting Things, completed August 2021.
- Cisco Networking Academy Coursework: CCNA R&S: Routing and Switching Essentials, NDG Linux Essentials & Introduction to Linux.
- Languages: Malay (Native/Fluent), English (Professional Working Proficiency).
